Commissioners and Citizens
Take Up Bill for Inebriate
Hospital.

SEVERAL CHANGES MADE
IN ORIGINAL MEASURE

Hoped to Place Proposed Institu-
tion on Self-Support-
ing Basis.

The Senate bill, introduced by Senator Smith of Maryland, providing an inebriate hospital for the District of Columbia was discussed at a meeting of the District Commissioners today, the meeting being attended by Dr. Percy Hickling and by representatives of the Board of Trade.

The bill, which would make drunkards in the District of Columbia a misdemeanor, and which further would provide for the establishment in the District of Columbia of a hospital where habitual drunkards or inebriates could be confined for treatment, was considered in all its aspects, and one or two amendments were submitted after lengthy discussion.

One of Amendments.
One of these amendments seeks to change the wording of the original bill, which simply says that "no person shall be drunk habitually and intemperately," etc., so that the bill would read:

"That any person who for the excessive use of alcohol is unable to manage his affairs, or if he exposes himself or his family to the danger of want, or endangers the safety of others, or if any person uses opium, cocaine or any similar substance, or any compound or derivative thereof, in the District of Columbia, such person or persons shall be declared to be inebriates, and the hospital provided for by amendment in the bill for inebriates for not more than two years."

Amendment was not adopted to section 6 of the original bill providing that inmates of the inebriate hospital shall be required to work when able, the amendment amending the section being designed to add to its strength. The amendment reads:

"That the inmates of said hospital shall be required to work by the superintendent thereof at such useful occupations whenever, in the judgment of said superintendent, inmates are able to do so, and for the labor of each inmate so employed or for the product of such labor there shall be credited to him the reasonable market value thereof."

Pay for Maintenance.
From the amount so credited there shall be deducted an amount sufficient to pay the cost of maintaining said inmate in said institution, unless other arrangements be made by said inmate or those responsible for his maintenance for the payment of such maintenance. Of the balance then remaining, if any, one-half shall be paid to such person who may have named, or may name for that purpose, to be used for the care and maintenance of those dependent upon such inmate for support.

And the balance remaining, after such payment shall be kept to the credit of said inmate and shall be paid him upon his discharge from said institution. And should any inmate of said hospital refuse or fail to do the work directed by the superintendent of said hospital as to do the said superintendent may deem him of such of the privileges and accommodations of said hospital as, in the judgment of said superintendent, may not be necessary for the proper care and treatment of the inmate so refusing to work, whenever so refusing such refusal or failure shall continue."

For Self-Supporting Hospital.
The purpose of the proposed amendment, as will be seen, is to place the inebriate hospital as nearly self-supporting as possible, and, further, to provide in some measure for the support of dependent wives or families of inebriates, and to inebriates, as well as to form a fund to be paid to the inebriate himself when he is released from the hospital. Some such provision, it is held, is necessary for the inebriate to be able to support himself, and to the nation's lawmakers of the District of Columbia.

GIRL LEADS BOY BANDITS,
DIRECTING WIDE THIEVING

Eleven Youngsters Arrested and Police Seek Pettecote Chief.

CLEVELAND, July 30.—An eighteen-year-old girl, who has been acting as leader of a gang of bandits which for weeks has been robbing freight cars, delivery trucks and stores, was today by the police, following a raid in which eleven boys were jailed.

According to information received by the police, the girl does the scouting and the boys in the gang extort money to make raids. A refrigerator car was forced open Saturday night and 250 pounds of butter were stolen. The same night several cases of beer were stolen from a brewery wagon and the beer goods were lugged to the rendezvous of the gang, which the police have been unable to find.

According to the police the proceeds from such robbery are turned over to the girl leader and she keeps the largest portion and distributes the rest among the others.

The gang leader is said to have arranged a sort of Black Hand scheme by which the boys in the gang extort money from confectioners and other small dealers in the south end.

Card Eble and John Tomask were arrested for demanding \$500 in an alleged Black Hand letter to Valentine Kepkuk and \$200 to the boys over to federal officers. Cash registers were the objective points of five other boys arrested. The girl is alleged to have confessed that the gang had secured between \$600 and \$700 in three robberies in the last year.

Almost Unanimous for Strike.
ST. PAUL, Minn., July 30.—Returns on the strike vote being taken by telegraph operators of the Northern Pacific railway indicate that there is an almost unanimous sentiment in favor of a strike, according to the statement of the union officials. Between 90 and 95 per cent are in favor of a strike, the officials declare. The men are asking increased wages and improved working conditions. No action will be taken by the operators until final results are received, which probably will be by Thursday.

Asbury Burdette, seventy-six years old, of Frederick, Md., was run over by a train on the road near Mount Airy and four of his ribs were broken.

WOMEN'S SUFFRAGE PLEA

Women in Charge of Big Demonstration Tomorrow Report
Capitol Plans Complete.

With petitions addressed to the Senate asking that it favor woman suffrage, a group of about 100 women, headed by "pilgrims" rapidly nearing Washington, the women in charge of the big demonstration and automobile parade here tomorrow declared today that the final touch has been given to their preparations.

The most unique report received by the suffragists today was from some of their friends who crossed to Europe recently on the steamer George Washington, and held a vote-for-women meeting on board ship. They collected a mass of petitions addressed to the Senate during the meeting. S. S. McClure, a magazine publisher, presided at the meeting.

Another different report was received from Miss Mabel Vernon and Miss Mary Conkle, who were in Havre de Grace, Md., last night. They sent word that they were traveling in farmers' wagons and sleeping in farmhouses. They said the number of petitions to the Senate and are due here tomorrow morning.

Meet Pilgrims at Hyattsville.
The program finally arranged for the demonstration tomorrow is to start at 9 o'clock in the morning, when automobiles to be used in the street parade are to assemble at Hyattsville, Md. At that point the "pilgrims" are to be met by a group of women who are to be traveling in farmers' wagons and sleeping in farmhouses. They said the number of petitions to the Senate and are due here tomorrow morning.

Leaving Hyattsville at 11 o'clock, the automobiles carrying the "pilgrims" are to come into Washington to Rhode Island avenue, west on Rhode Island avenue to 14th street, then to Pennsylvania avenue and then east on Pennsylvania avenue to the Capitol.

At the Capitol the sch. calls for the presentation of petitions to each individual senator and the presentation of these petitions to the Senate by the senators.

A group of friends of the suffrage cause has offered to make short addresses in the Senate as they present the petitions.

Seats in Senate Gallery.
Through the kindness of Senator Overman of North Carolina, 100 seats in the Senate gallery have been offered to the suffragists for their use during the presentation of the petitions. The seats will be occupied by the "pilgrims" and suffrage leaders.

Tomorrow afternoon suffrage speeches are to be delivered from automobiles in different parts of the city by women from different parts of the country.

The program is to be concluded with a big banquet at the city hall at 7 o'clock. The banquet will be held in the Brighton apartments, to which a large number of members of both houses of Congress have been invited.

The suffragists are to rally again Friday night, it was announced today, in a tent belonging to the Church of the Covenant which has been erected on a vacant lot in Mount Pleasant. Mrs. Glendower Evans of New York is to make the principal address.
